Washington, May 27-(AP)-Republican farm leaders in the House tofor their party calling for a "farm modernization program" to boost production, income and living standards of every farm family.

The suggested plank also would reaffirm the party's belief in parity for agriculture. It also would pledge greater support to farm research and education, farm cooperatives, an improved soil conservation program and a broader system of credits for small farmers.

Parity is a term used in farm laws. It denotes a standard for measuring farm prices which is declared equally fair to farmers and those who buy their products.

TOU may have to look twice to see it—but I a lot of the new Buicks have a soft bluegreen tone in all glass areas - plus a slightly darker band which shades down from the too of the windshield.

And you have no idea what comfort all this adds to hot-weather driving.

Its name is "Easy-Eye Glass" +- which tells only half the story. While it filters out 18% of the glare (and tones down the dazzle of oncoming headlights at night) - it also cuts down sun-heat as much as 50%,

So it's the best cure we know for hot laps in summer driving, when the sun beats down on the windshield.

Maybe you'd like to try this out before you buy your next car.

And while you're trying it out-you can also discover how it feels to boss around a Fireball 8 Engine, that puts its own exclusive added wallop into a high-compression valve-in-head power plant.

You can sample the sure-footed way a Buick settles into a curve—the way the front wheels seem to seek their course automatically—the smooth surge and falterless ease with which Dynaflow Drive* feeds the power-the level confidence of Buick's million dollar ride.

You can get an idea also of the room, the

comfort, the smartness, the thrill that your dollars buy in this brilliant performer.

So why not arrange for a demonstration soon?

An apology is in order. Greenfield won the eight inning softball game at Nichols Park Monday night instead of the House of Clay. The final score was Greenfield 8, House of Clay 7. Manager Don Luketich's Greene county lads intend to capture the men's league championship in this, their first, season at Nichols park. It will be up to several strong local nines to keep the crown in Jacksonville. Greenfield, White Hall and Murrayville are out-of-town teams in the leagues this time.

Rumor has it that a "sleeper" may rise in the men's softball loop. Hear tell that Jim Wagner has taken charge of the Merchants' club and is building another pennant contender. That should make things interesting. Jim is rumored to have the inside track on pitcher Paul Blakeman's services when the Marine officer returns.

The big, dark clouds cried again into A and B divisions at a managers' meeting Friday evening (5:30 at the Journal). Seems to us that most all the clubs warrant A rating. However, time will tell.
